A Message from The Director of Care/Site Leader

On January 6, 2025, the Ministry of Health (MOH) announced a new masking policy to strengthen infection prevention measures and protect everyone from viral respiratory illnesses. This updated policy is designed to prioritize the safety and well-being of our care community, including residents, staff, and visitors.

Key Points of the Updated Masking Policy:

- **Staff:** Medical masks must be worn in all patient care areas and while providing care.
- **Visitors:** Masks are required in patient care areas, during indoor group events, and whenever directed by healthcare workers.

We appreciate your understanding and cooperation as we implement these measures to create a safer environment for all. If you have any questions or need clarification, please feel free to reach out to any member of our team.

Thank you for your continued support in maintaining the health and safety of our care community.
